11.138.06 C11/2598/FUL – Part of Garden, Archway House, Pytches Road, Melton IP12 1EY
Application for erection of new house plus garaging for existing and new dwelling [demolition of existing single garage]
Copy of application received 25th November 2011 and tabled at the meeting.
Council carefully considered the application and made the following observations:

- (a) Strategic Policy SP3 – New Housing
The size and therefore the associated value of the proposed property do not encourage and enable young people to remain in the district nor provide accommodation to address the aging population
- (b) Strategic Policy SP15 – Landscape and Townscape
The development of a piece of 'green land' is not in keeping with the strategy of keeping gaps, gardens and spaces that make an important contribution to the location in their undeveloped form
- (c) Development Management Policy DM7 – Infilling and Backland Development within settlement envelopes.
This development would lead to a cramped form of development out of character with the street scene which consists mainly of large houses with good sized curtilage
- (d) Development Management Policy DM19 – Parking Standard
The proposed 4 car parking spaces seems inadequate given the size of the existing and proposed accommodation. The exit from the site onto Pytches Road does not provide the driver with a clear view and is therefore a potential accident hazard. Pytches Road/Bredfield Road is already an area being heavily developed causing increased traffic on a narrow road
- (e) Development Management Policy DM21 – Design: Aesthetics
The provision of a 1.8m high brick boundary fence for Archway House is not in keeping with the other landscaping feature on the site
- (f) Removal of Sycamore
Council believes that this is part of TPO 25 and therefore the advice of the SCDC Arboricultural Officer should be sought before allowing it to be removed

It was RESOLVED to object to the application for the reasons listed above.

Proposed by: Cllr Butterwick

Seconded by: Cllr Hilson.

It was also RESOLVED that as the closure date for the response of the council is not until 15th December 2011 to wait until that date before submitting the response so that any indication of responses in favour or against the development from neighbours consulted can be included in the council response.

Proposed by: Cllr Butterwick

Seconded by: Cllr Hilson.

11.142 TO CONSIDER TREE WORK APPLICATIONS

11.142.01 C11/00135/TPO – 3 Grange Park Drive Melton IP12 1FF

W1: Woodland W1 – T1 Irish Yew: Application for removal of tree in rear garden. Copy of application previously circulated was received and noted. Council considered the application and made the following comments:

- (a) The purpose of the TPO is to protect trees from being felled simply for aesthetic reasons
- (b) The tree is not in a position where it is interfering with the house or outbuildings
- (c) This Irish Yew is not diseased or in a situation where it is liable to fall thereby causing damage to adjoining property
- (d) Trees have previously been removed from this property in 2010 [C10/00049/TPO]
- (e) The property is a relatively new property built in a woodland and further removal should be resisted to retain the nature of the surrounding site
- (f) A precedent has been set at a neighbouring property where planning consent was refused due to the potential damage to a Mature Yew subject to the same TPO [C11/0873/FUL].

It was RESOLVED to object to the proposed tree works for the reasons stated above.

Proposed by: Cllr Butterwick **Seconded by:** Cllr Hilson.

11.143 LOCALISM BILL

The Chairman reported that the Bill had received Royal Assent on 15th November 2011 but that the practical outcomes were subject to regulations being passed by parliament. The following are some of the items that will ultimately affect the way in which a parish council will operate:

- Power of general competence
